### Precision Manufacturing

Special Form Tools, Form Cutters & Forming Rolls, Custom Tool Grinding & Machining, Tool & Cutter Grinding, Universal Grinding, Punch & Die Inserts.

### CNC Tool Grinding

Our shop is equipped with the latest in CNC Grinding Machine technology from Anca. We have an RGX and a TX7, to handle manufacturing of our own line of precision end-mills, as well as regrind of all types of tools including all high performance drill points. All tools are designed and programmed on our special Anca Cad/Cam program before sent for production.

### Complete CNC Capabilities

- 2 CNC ANCA Tool Grinders
- 2 HAAS CNC 3-axis + Rotary table
- 1 HAAS CNC Lathe
- 2 4-Axis Wire EDM's
- 3 Sink EDM's
- 4 Optical Profile Grinders

Also, we are equipped with a complete line of manual machines that include OD/ID cylindrical grinders, Surface grinders, as well as Manual mill and lathe.
